

§ 17.104 Terminations and suspensions.

Any proposal to suspend or terminate collection action on any charges or claim for \$20,000 or less asserted by the Department of Veterans Affairs in connection with the medical program shall be referred as follows:

(a) *Of charges for medical services.* If the debt represents charges made under § 17.101 (a) or (b) questions concerning suspension or termination of collection action shall be referred to the Chief of the Fiscal activity of the station for application of the collection standards in § 1.900 *et seq.* of this chapter, or

(b) *Of other debts.* If the debt is of a type other than those contemplated in paragraph (a) of this section, questions concerning suspension or termination of collection action shall be referred in accordance with the same referral procedures for compromise offers (except the Fiscal activity shall make final determinations in terminations or suspensions involving claims of \$150 or less pursuant to the provisions of § 1.900 *et seq.* of this chapter.)

§ 17.105 Waivers.

Applications or requests for waiver of debts or claims asserted by the Department of Veterans Affairs in connection with the medical program generally will be denied by the facility Fiscal activity on the basis there is no legal authority to waive debts, unless the question of waiver should be referred as follows:

(a) *Of charges for medical services.* If the debt represents charges made under § 17.101(a), the application or request for waiver should be referred for disposition under § 1.900 *et seq.* of this chapter to the field facility Committee on Waivers and Compromises which shall take final action, or

(b) *Of claims against third persons and other claims.* If the debt is of a type contemplated in § 17.103(b), the waiver question should be referred in accordance with the same referral procedures for compromise offers in such categories of claims, or

(c) *Other debts.* If the debt represents any claim or charges other than those contemplated in paragraphs (a) and (b) of this section, and is a debt for which waiver has been specifically provided for by law or under the terms of a contract, initial action shall be taken at the station level for referral of the request for waiver through channels for action by the appropriate designated official. If, however, the question of waiver may also involve a concurrent opportunity to negotiate a compromise settlement, the application shall be referred to the Committee on Waivers and Compromises.

DISCIPLINARY CONTROL OF BENEFICIARIES RECEIVING HOSPITAL, DOMICILIARY OR NURSING HOME CARE

§ 17.106 Authority for disciplinary action.

The good conduct of beneficiaries receiving hospitalization for observation and examination or for treatment, or receiving domiciliary or nursing home care in facilities under direct and exclusive jurisdiction of the Department of Veterans Affairs, will be maintained by corrective and disciplinary procedure formulated by the Department of Veterans Affairs. Such corrective and disciplinary measures, to be selectively applied in keeping with the comparative gravity of the particular offense, will consist, in respect to hospital patients, of such penalties as the withholding for a determined period of pass privileges, exclusion from entertainments, or disciplinary discharge; and, in respect to domiciled members, such penalties as confinement to sections or grounds, deprivation of privileges, enforced furlough, or disciplinary discharge. Also, for any violation of the Department of Veterans Affairs rules set forth in § 1.218, or other Federal laws on Department of Veterans Affairs property, a beneficiary is subject to the penalty prescribed for the offense.

COPAYMENTS

§ 17.108 Copayments for inpatient hospital care and outpatient medical care.

(a) *General.* This section sets forth requirements regarding copayments for inpatient hospital care and outpatient medical care provided to veterans by VA.

(b) *Copayments for inpatient hospital care.* (1) Except as provided in paragraphs (d) or (e) of this section, a veteran, as a condition of receiving inpatient hospital care provided by VA (provided either directly by VA or obtained by VA by contract), must agree to pay VA (and is obligated to pay VA) the applicable copayment, as set forth in paragraph (b)(2) of this section.

(2) The copayment for inpatient hospital care shall be, during any 365-day period, a copayment equaling the sum of:

(i) \$10 for every day the veteran receives inpatient hospital care, and

(ii) The lesser of:

(A) The sum of the inpatient Medicare deductible for the first 90 days of care and one-half of the inpatient Medicare deductible for each subsequent 90 days of care (or fraction thereof) after the first 90 days of such care during such 365-day period, or

(B) VA's cost of providing the care.

NOTE TO § 17.108(b): The requirement that a veteran agree to pay the copayment would be met by submitting to VA a signed VA Form 10-10EZ. This is the application form for enrollment in the VA healthcare system and also is the document used for providing means-test information annually.

(c) *Copayments for outpatient medical care.* (1) Except as provided in paragraphs (d), (e) or (f) of this section, a veteran, as a condition of receiving outpatient medical care provided by VA, must agree to pay VA (and is obligated to pay VA) a copayment as set forth in paragraph (c)(2) of this section.

(2) The copayment for outpatient medical care is \$15 for a primary care outpatient visit and \$50 for a specialty care outpatient visit. If a veteran has more than one primary care encounter on the same day and no specialty care encounter on that day, the copayment amount is the copayment for one primary care outpatient visit. If a veteran

has one or more primary care encounters and one or more specialty care encounters on the same day, the copayment amount is the copayment for one specialty care outpatient visit.

(3) For purposes of this section, a primary care visit is an episode of care furnished in a clinic that provides integrated, accessible healthcare services by clinicians who are accountable for addressing a large majority of personal healthcare needs, developing a sustained partnership with patients, and practicing in the context of family and community. Primary care includes, but is not limited to, diagnosis and management of acute and chronic biopsychosocial conditions, health promotion, disease prevention, overall care management, and patient and caregiver education. Each patient's identified primary care clinician delivers services in the context of a larger interdisciplinary primary care team. Patients have access to the primary care clinician and much of the primary care team without need of a referral. In contrast, specialty care is generally provided through referral. A specialty care outpatient visit is an episode of care furnished in a clinic that does not provide primary care, and is only provided through a referral. Some examples of specialty care provided at a specialty care clinic are radiology services requiring the immediate presence of a physician, audiology, optometry, magnetic resonance imagery (MRI), computerized axial tomography (CAT) scan, nuclear medicine studies, surgical consultative services, and ambulatory surgery.

NOTE TO § 17.108(c): The requirement that a veteran agree to pay the copayment would be met by submitting to VA a signed VA Form 10-10EZ. This is the application form for enrollment in the VA healthcare system and also is the document used for providing means-test information annually.

(d) *Veterans not subject to copayment requirements for inpatient hospital care or outpatient medical care.* The following veterans are not subject to the copayment requirements of this section:

(1) A veteran with a compensable service-connected disability;

(2) A veteran who is a former prisoner of war;

(3) A veteran awarded a Purple Heart;
